Hello, I'm Steve Fagan, senior mentor for the Neothink Society. I want to share with you that before I got connected to the Neothink Society, I always wondered how did people become rich? How do they gain wealth? How do they move forward with their lives to successes? Since I've been connected to the Neothink Society, I have found the secret and I'd like to share that with you.

The secret is called your Friday Night essence. For you see, when you are a child, and I really mean more your preteen years, you were in school all day and even all week. But on Friday night, that was your night. That was your night to move forward and develop and grow the way you wanted. It is what we call you were motivated, you were excited, you were exhilarated. You could do whatever you wanted.

That's what your Friday Night Essence is all about. This is the process that we call, brings you to what we say your motivational root, your inner being. For you see, we all have an internal desire to do what we want to do. Our talents, our traits, all the essences that we have are within us and we're motivated to do it.

Unfortunately we live in a world where we're not really focused within, we're looking more outside. We're not connected to what we call motivational root or our downstream focus. Our motivational root is inside of us and we need a door to open that. Each one of us has the door and we need not only to open that door but have the key to open that door. The key is to find what is our passion. What is our motivation? What is it that we should be doing?

Again, talents, our traits, our skills, we need to share all that. That comes under our Friday Night Essence. For you see, if you want to become wealthy, it is crucial that you find what you're passion about, what you're excited about and start living the life you're meant to live, not somebody else but yourself. Connect to your internal desire.

The world is here for you to be the person you're meant to be and live that life and become wealthy. How do you become wealth? You find your Friday Night Essence, you connect to your motivational root, you find your downstream focus and you live life to the best you can be and give value to others through your essence. That's your Friday Night Essence. That's your process to reach into your motivational root. That's your essence to be able to take the world to higher levels through developing your essence, becoming a value creator and gaining wealth. How do you become wealthy? Find, unleash and develop your Friday Night Essence.
